

**WEB
DEVELOPMENT**

HI, I'M RITESH JORLE

*Passionate About Full
Stack Web
Development*

ABOUT OUR COMPANY

Three horizontal lines of varying lengths, starting from the left edge and extending towards the right, positioned below the title.

Tech Surya IT Solution is an IT training and software development company focused on helping students and aspiring developers build practical skills through hands-on projects and real-world technologies. The company provides training in Full Stack Web Development, programming, and modern software development practices, preparing learners for internships and careers in the IT industry.

VISION & MISSION

Vision

- ★ To empower students and aspiring developers with practical technical skills, enabling them to build successful careers in the software industry through innovation, continuous learning, and real-world experience.

Mission

- ★ To provide high-quality training, hands-on projects, and industry-focused guidance in Full Stack Web Development and modern technologies, helping learners become confident, job-ready professionals.

OUR GOALS

Start My Tech Career

Secure an internship and grow into a professional software developer.

Build Real Projects

Develop responsive websites and practical applications.

Secure an Internship & Grow

Gain industry experience, learn from professionals, and become job-ready.

BUSINESS PLAN

Provide quality IT solutions and practical Full Stack Development training, helping students and businesses grow through modern, reliable, and affordable technology.
